Over 100 years of combined experience. Three locations. We're at your service.

MACH II PRESS

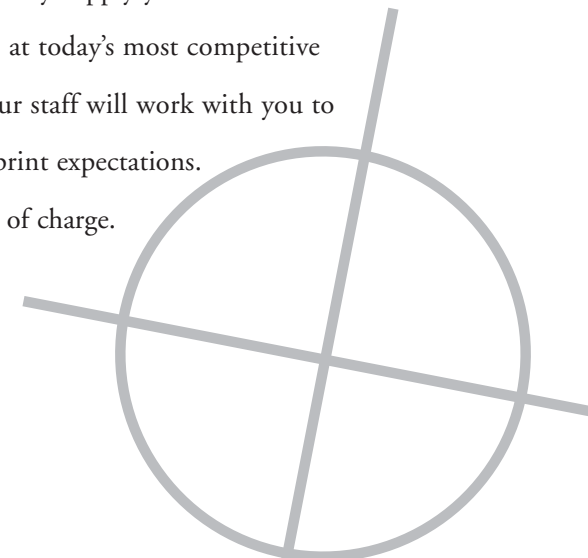

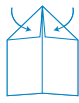

Printed by Mach II Press on our high speed digital color copier

complete service

You can depend on Mach II Press to consistently supply you with the highest quality of printing & digital services at today's most competitive prices. From digital data to final delivery, our staff will work with you to achieve the optimum results to exceed your print expectations. We will even pick-up and deliver the job free of charge.

The job is not complete until it is properly finished. Whether it simply needs to be folded and bundled, or more elaborate finishing is required with rivets, die-cuts and perforations, Mach II Press can make it happen.

binding and finishing

- Full Booklet Maker
- Folding

digital output in brilliant colour

At the heart of our Xerox Digital colour is a dual-processing rip with variable colour capabilities and calibration. This assures you the most accurate and consistent colour reproduction available in a digital process.

Digital colour printing is available on coated and uncoated stocks up to 12pt thickness, and a complete in-house bindery department that allows us to finish your job on time and on budget.

- Transmit your files to us electronically
- Prints on premium stocks including glossy weights from 16lb text to 12pt cover
- Supports true pantone colours
- Quick, efficient service

Trust Mach II Press for all your reproduction needs including photocopies. Our sophisticated machines provide state-of-the-art black & white and colour photocopies that can rival offset print quality with the added advantage of lightning turnaround times.

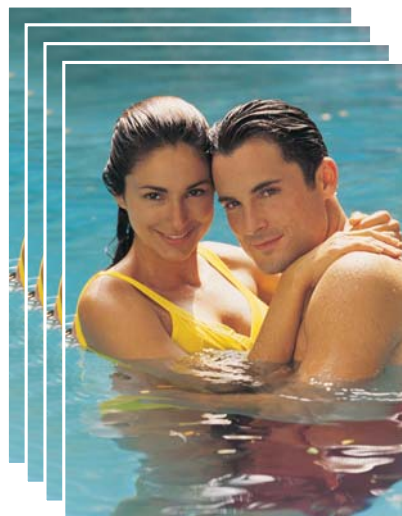

- PC & Mac
- Scanning
- Film Output – Negative/Positive
- Digital Proofs
- Dylux Proofs
- Colour Proofs
- Black & White Proofs
- Chromalins & Colour Keys
- Large Format Posters
